

## 2013 Internship Public Risk Management Assessment

**Description:** Interns will explore and patrol Gateway National Recreation Area. With support and guidance of park staff, they will develop effective safety management strategies through collection, input and analysis of visitor injury data.

### Responsibilities and Assignments include:

- Familiarization with the parks extensive natural areas, historic sites and visitor centers
- Conduct interviews with management and staff of various divisions
- Review park safety plans and other visitor safety policies / guidelines
- Observe visitor activities, as well as interactions between park staff and visitors
- Identify and review park visitor injury data sources
- Extract 5-10 years of retrospective visitor injury data
- Enter data into the Visitor Injury Data System\* (VIDS) tool provided by PRMP
- Analyze data to identify injury patterns and trends

### Requirements

- Valid Drivers License
- Proof of U.S. Citizenship
- Wear NPS Volunteer Uniform
- Perform clerical duties
- Perform field duties
- Positive Mental Attitude

### Commitment

Minimum 16 hours per week (flexible weekday schedule, some weekends required)

This internship is unpaid but college or community service credit can be arranged

### Location

Park Headquarters is at Fort Wadsworth on Staten Island (under Verazanno Bridge). Field work will take you to other parts of the park: Brooklyn, Queens (Jamaica Bay) and Sandy Hook, NJ
